

Nasser's Pick Halloween Only Once Unacceptable to Russia

BEIRUT, Lebanon (AP) — President Gamal Abdel Nasser named his successor shortly before he died, but his nominee is under house arrest because he is unacceptable to the Soviet Union, reliable diplomatic informants reported today.

The sources said Nasser's deathbed choice to lead Egypt was Zakaria Mohieddin, a relatively liberal former prime minister who at times embarrassed his chief by opposing the growing Soviet penetration of Egypt.

Nasser reportedly expressed his last wish to Information Minister Mohammed Hassanein Heikal, one of his closest friends, who was at his bedside when the president died of heart failure Sept. 28. The information reached the foreign diplomats from some of Heikal's associates.

The Arab Socialist Union, Egypt's only political party, nominated Vice President Anwar Sadat to succeed Nasser, and he will be elected Thursday in a nationwide referendum in which he is the only candidate. But there are indications a power struggle is continuing behind the scenes, with Heikal's own position threatened because he insisted that Nasser's preference for Mohieddin be honored.

The diplomats said Soviet Premier Alexei Kosygin, when he came to Cairo for Nasser's funeral, told the Egyptian leaders the Soviet government would have no confidence in a government headed by Mohieddin.

The Russians are believed to favor Air Marshal Ali Sabry, a prominent figure in the reported power struggle and an old rival of Mohieddin. They both served as prime minister and also as vice president.

Tonight Will See End of Rain in State

By THE ASSOCIATED PRESS

Precipitation in Arkansas is expected to end by tonight.

The movement of a weak low pressure wave to the northeast will bring drier air into the state decreasing the cloudiness and ending the rain.

Rainfall occurred in all sections of Arkansas during the 24-hour period that ended Monday night.

Temperatures Monday reached the 70-degree mark in the east and central sections of the state but were generally cooler in the west portions. Low tonight in the low 50s to low 60s. High Wednesday in the low 70s to low 80s.

Overnight lows included 57 at Fayetteville, 56 at Harrison, 66 at Jonesboro, 64 at Pine Bluff, 60 at Texarkana, 64 at El Dorado, 66 at Memphis, 63 at Little Rock and 62 at Fort Smith.

dates for president, vice president, senator, representative, governor and lieutenant governor.

Nixon's veto message, issued Monday while the President was appearing in Stamford and Hartford, Conn., on a barely disguised campaign mission, said the bill fell short of its laudable goals and "threatens to make matters worse."

"The problem with campaign spending is not radio and television; the problem is spending," Nixon said. "This bill plugs only one hole in a sieve."

"Until we take this step, we'll never know how to tighten up the loopholes," Hart countered.

Nixon said the bill actually would force more campaign spending, by leading candidates to switch from radio and television campaigning to more expensive techniques of reaching the voter.

He noted there would be no restriction on campaign advertising in newspapers, magazines, pamphlets and material mailed out by candidates.

Nixon said a broadcasting limit would provide "an immeasurable advantage" to an incumbent, or a well-known nominee, facing a less publicized challenger.

The bill also would require broadcast stations to sell political time at no more than the lowest commercial rate, and would suspend equal-time regulations, opening the way for radio and television debates between top candidates for president and vice president.

Democrats insist Republican opposition stems from the fact GOP campaigners have more money to spend.

Nicholas Johnson, a member of the Federal Communications Commission, said the veto represented "a sad and tragic day for those who had hoped for some limitation on the power of money to dominate our politics and our government."

Canada recognize Red China's claim to Formosa, the home of the Nationalist government. Diplomatic recognition usually doesn't specify national boundaries, and Canada was known to consider such a stipulation a dangerous precedent.

But Sharp has held throughout to a one-China policy, and observers speculated that the issue was resolved by a Canadian pledge to vote next month for a resolution in the U.N. General Assembly to seal the Communist regime instead of Nationalist China in the United Nations. Trudeau's government has said its vote on the question would depend on the outcome of the Stockholm talks.

Even with a switch by Ottawa, however, the resolution is expected to be rejected again.

The Canadian initiative was launched in January 1969 over the strong objections of the Nixon administration. The United States opposes Red China's entry into the United Nations at Nationalist China's expense and wants its allies to withhold diplomatic recognition until Peking softens its militant tone.

Trudeau's government disagrees. "The question is not really 'Why should Canada recognize Peking?'" Sharp said in Tokyo during the talks, "but 'Why should Canada not seek diplomatic relations with the world's most populous nation?'"

tion hearings that "this is not an anti-busing law but an anti-discrimination law. It prevents the assignment or exclusion of students to and from schools on a basis of race."

The government, through Solicitor General Erwin N. Griswold, told the court Monday the Constitution does not forbid the busing of children to accomplish segregation.

"It becomes a question only with the amount and the distance," said Griswold at the opening hearing into desegregation cases involving Charlotte-Mecklenburg County, N.C., Mobile County, Ala., Clarke County, Ga., and the North Carolina antibusing statute.

"You are dealing with small children and the distance and taking them away from their homes is very relevant," the government's lawyer said.

Griswold also told the justices a Southern school board has to consider race in making assignments if they are to desegregate their systems.

Tuneful Lion Program

MR. AND MRS. ELMER WAGNER

Hope Lions enjoyed a tuneful program Monday at Town & Country luncheon. Program Chairman Don Freel prevailed on Lion Elmer Wagner and Lioness Ida Wagner to play the violin and piano and bring back some of the tunes of 20's and 30's and they in turn asked Lowell Harris to do several vocal numbers.

The Wagners, residents of McCaskill, moved from Wisconsin to South Dakota in 1908 and in 1913 they and several others organized a dance band at Mitchell, S.D.

Shows and television as known today were unknown at that time and entertainment had to be more or less home grown. So the dance band played in their home

town twice a week and soon became well known and traveled for miles around their home base for other engagements.

Mr. Wagner commented on the customs and cars of the day and how the weather affected them in summer and winter. South Dakota has real extremes going from 113 degrees in summer to 38 and 40 degrees below zero in winter.

It is interesting to note that in the 30's Wagner's Band and Lawrence Welk's Band were playing engagements in the same area, each having a four piece band. Lion Haskell Jones asked Mrs. Wagner if she knew whatever had become of Lawrence.

The Wagners are probably the oldest and liveliest couple in the

club and celebrated their 53rd wedding anniversary Oct. 3, 1970.

er A. W. Ford that the kindergarten amendment would be "effectively eliminated" under the proposed constitution was not true.

The kindergarten amendment, adopted in 1968, makes it permissible for school boards to use tax funds for kindergarten programs, which previously had been barred by the Constitution.

A provision in the schedule of the proposed constitution would allow school boards to place millage to support kindergarten on the ballot at annual school elections.

Meriwether pointed out that the provision permits but does not require local school boards to submit tax rates for kindergarten programs separately from general school tax rates. He said the option was up to the school boards.

"This flexibility allowed to local school boards and to local school district patrons certainly does not 'effectively eliminate' the kindergarten amendment," Meriwether said.

"Under the proposed constitution," Meriwether said, "school boards can submit their tax proposals separately or in one package as has been done in the past."

By "BILL"

We are always amused at the new terms used in expressing oneself.

"Depth" and "image" are a couple of words that have really been overworked. And now we notice the word "involve" used frequently. There was a time when "involved" might have meant you were mixed up with something shady. But now it simply means you are doing a whole lot of things and it seems to be the thing to do.

We are now directing this column-ad to the "involved" woman. Chances are you will need something to wear to all these places and we hope you would like to make Rayley's your shopping headquarters.

A busy woman can always use a pants suit. They are fast becoming the uniform, and we will have to admit they are practical as well as flattering. Our stock is adequate to fill your needs from early morning until late at night. All wool suits to wear on trains and planes, shopping in the city or country, sizes for every woman. Late day pants suits will take you dancing or dining out... they are priced from \$25, just about as high as you care to go. Just try one on.

We well remember when a woman owned a spring coat and a fall or winter coat. Now we are all involved in coats... the wet-look, all-weather, car coats, funfur coats, and of course the suede fringed jacket with matching hat. Choose from our diversified collection... they are lovely!

We will be looking forward to serving you at

HIGH SCHOOL "MOD SQUAD"

Dear Helen:

At our high school the word is that there are 150 "narcos" on campus. That's probably exaggerated, but look. Two guys selling "mes" (mescaline—the big thing in drugs around here this year) got busted yesterday. About five grassers aren't in class this week. Everybody knew they "sold," but they always figured they were safe. Somebody had to fink or they'd still be here.

Don't get me wrong. I don't hold, use or sell—not even grass. But when you can't trust other students because they might be junior Mod Squad types, who can you trust? Like the "no knock" law, I think this is unfair police tactics. —JIM

Dear Jim:

Paid "narcos" (narcotics agents) on high school campuses? Possibly a few in larger schools, but not disguised as students, and not that many!

However, it's true there are more "informers" than formerly, as young people become more concerned about the drug problem. To help shut off the supply is sometimes considered necessary finking.

Read on...

Dear Helen:

I have never been prompted to write a letter to a newspaper column until I read "Live and Let Die Not Proper Stand" in Helen Help Us!

Last month a friend of mine died from an overdose of heroin. I knew Billy was using drugs, but all I said was, "He better stop!" I didn't even say it to him. After

all, it was his bag. Well, Billy stopped all right—in the cemetery. If only I and all the others who knew he was shooting up had opened our mouths, he would still be here. He wanted our help, but the only help he got was from the needle. He wasn't a hood. He was an ordinary, sensitive, intelligent human being. Nobody really knows why he chose drugs, but I know one thing: We shrugged it off with "live and let live" (just as your correspondent said people should do!)—and we let Billy die!

How many more Billy's will there be before we change our attitude? The police aren't our enemies here. They're mainly looking for the pusher. When we protect a known seller, we're maybe giving our friends a death sentence! —SOMEONE WHO CARES

Dear Helen:

Look around any classroom and you can spot the heavy dopers. But everyone closes his eyes because who wants to get anyone in trouble? If we could be sure these kids would be helped instead of busted, maybe we wouldn't go by the policy of "live and let die."

Until they change the system, so that drug addicts (or heavy users on pills or the spike) won't be treated like criminals, but rather like sick people, we'll keep on "protecting" them out of their minds. —NO FINK

Dear No:

I couldn't agree more: an addict or heavy user needs help, not punishment! And he can get help at free drug-abuse clinics to be found in almost every large town nowadays.

It isn't "finking" when you direct a friend to one of these centers... and keep after him, with every means available, until he gets there! —H.

Dear Helen:

You said "the mild high" you get from pot isn't worth the risk of being busted. High grade stuff produces considerably more than a "mild" trip! A tree a block away may look like it is right next to the driver.

Stationary objects become animated. A highway intersection looks like a scale model of one. And the euphoria makes you feel immune to harm. To drive while smoking is the

NEW YORK (AP) — That darling, helpful Doris Martin of Monday night's "Doris Day Show" has made such an impression on an eccentric billionaire that he has offered her \$25,000 a year to be his private secretary.

Doris, reacting normally, has quit her magazine job where she has had to scrimp to pay \$150 a month rent for a chic duplex apartment with private terrace. But there's a hitch: it is a two-part episode. You know and I know that by next week, Doris will decide that money, after all, isn't everything. She'll be back with her chums at the magazine and eating paper-bag lunches again.

Meanwhile, a lot of us literal souls will keep on marvelling at the way Doris manages so well on that small salary, particularly those great clothes that she wears only once. That goes for "Julia," too, on her nurse's salary.

The weekly Nielsen reports, this one covering programs broadcast the week of Sept. 28, indicate that NBC's "Flip Wilson Show" is shaping up as the one big hit among the new programs of the season. It ranked fourth in popularity in a list of 81 shows. First, place and show positions went to CBS's "Gunsmoke," "Mayberry R.F.D." and "Medical Center."

CBS's "Mary Tyler Moore Show" and ABC's "Make Room for Granddaddy" were in the list of top 30 shows, but about three-quarters of the new series seem to be stuck in Nielsen's netherworld.

Ratings on which some mid-season cancellations will be based are expected around Nov. 1. But it looks now as though a number of new shows are in serious trouble including "Matt Lincoln" and "The Immortal" on ABC and CBS's "Tim Conway Show." NBC's "Don Knotts Show" looks weak, but currently that network's biggest headache appears to be its nightly news report, which has dropped in its ratings since the departure of Chet Huntley.

Environmental Pyramid Being Stacked Up

By STAN BENJAMIN

Associated Press Writer

WASHINGTON (AP) — A new federal structure of environment and resource programs is taking shape as a four-sided pyramid with an all-seeing eye at the top.

One corner of the environment-resource pyramid has existed for over a century—the Interior Department, a grab-bag of land, water, minerals, and, incongruously, the American Indian.

The other three corners existed only as building blocks scattered through the government landscape until the Nixon administration began stacking them up this year.

The first new structure was the President's Council on Environmental Quality, established by 1969 legislation which Presi-

dent Nixon signed into law as his first official act of 1970.

The second, is NOAA—the National Oceanographic and Atmospheric Administration—created Oct. 3 by executive reorganization.

The third will be EPA, the Environmental Protection Agency to come into being next Dec. 2 under a companion reorganization.

The all-seeing eye at the top is the president, of course, who remains the single executive overseeing the entire structure.

The pyramid structure came close to being as singular as a flagpole, says John Whitaker, the environment-resource pivot man on the White House domestic policy team headed by John Ehrlichman.

Whittaker said in an interview he was assigned last November to work up a memo for the President on environment and resource management. One proposal was to create a single department of environment and natural resources.

B-Boys in Rout of Prescott

By BILL MOORE
Star Sports Writer

Last night in Prescott, the Hope B-Bruins clobbered the Prescott Curley Wolves, 54-6, before a light crowd, for their third big victory against only one loss.

The next game will see the Bruins travel to Ashdown for a 7:30 p.m. kickoff next Monday. Quarterback Tommy Frazier directed Bruin scoring drives of 80, 23, 36, 67, 82, 71, and 67 yards, including four touchdown passes. Hope rolled up a fabulous 446 yards total offense while the defense was containing Prescott almost all night.

After kicking off and holding Prescott on downs, the Bruins set up camp at their own 26 yard line, and everyone was wanting Hope to start moving. They did better than that.

Starting the fireworks early, David Johnson used some good blocking to ramble 80 yards on the first play and gave Hope an early lead with 5:54 remaining in the first period. Johnson then ran the two point conversion for an 8-0 lead.

Prescott drove 58 yards for their only score on the next series with only 52 seconds left in the period. The rest of the way was all Hope.

Both teams traded the ball and Hope recovered a Curley Wolf fumble at the Prescott 23. In three plays Hope had scored again on a five yard run by Johnson with 8:58 left in the first half. Frazier passed to Ricky Hart for two points and Hope led, 16-6.

For the second time the Bruins recovered a Prescott fumble,

this time at the Curley Wolf 36. On the first play Frazier unloaded a 36 yard touchdown pass to Hart, and a pass to Johnny Turner for the conversion, gave Hope a 24-6 lead with 7:04 to go in the first half. Two minutes later Hope launched a 67 yard drive from their own 33. Using the running of Johnson and Tommy Miller, the Bruins ended that drive with a three yard pass to Hart again for a 30-6 halftime cushion.

It looked very convincing for the Bruins at half, but they weren't through yet. Three more scores were to come.

Taking the second half kickoff, the Bruins drove 82 yards, with Tommy Miller getting the final six, behind some good blocking by the line. Kenneth Ellis added two points, running the conversion, for a 38-6 lead.

Moving into the last period, the Bruins moved 71 yards in 15 plays for their sixth score. The last 25 yards were covered on a halfback pass from Buddy Ingram to Hart, and after Miller ran the conversion, Hope led 46-6 with 6:41 remaining in the game.

Exchanging possession of the ball a few times, Hope took possession after Rodney Steele intercepted at the Prescott 33 yard line.

On a first and ten situation with 1:43 left, Frazier found Ingram behind everyone and the result was a beautiful 67 yard bomb for the last score, including the conversion run by Kenneth Ellis.

The offensive line opened up holes all night for the backs, and the defense has to be credited with an outstanding job, holding the Curley Wolves to only one possession inside the Hope 30, that being the only scoring drive that Prescott mounted.

The Hope Bobkittens are preparing for a 7:30 p.m. contest against Nashville Thursday, in Hammons Stadium. It should be a good game and the Kittens will

Weather Factor in Bass Tourney

Melvin Laird of Hot Springs caught the biggest bass during the two-day tournament over the weekend at Millwood, sponsored by the American Anglers Association.

Laird's bass was caught on a purple worm off the pipeline Sunday and weighed 5 pounds and 14 ounces.

Norwood Harris of Baton Rouge, Louisiana was named the American Anglers Association's national champion. His two-day catch weighed 34.12 pounds. The total catch was below expectations but the contestants, most of them professionals, strung 44 bass that hit over three pounds each.

Over 160 contestants paid \$100 a head to enter the tournament that paid out prizes in excess of \$17,000. The weather was definitely a factor and hurt the tournament.

Porkers Take Over SWC Statistics

By THE ASSOCIATED PRESS
DALLAS (AP) — The Big Red Machine in the Ozarks isn't having any trouble with its offense these days.

The Razorbacks, going over 40 points for the third week in a row, took over the Southwest Conference total offense lead from Texas following their 41-6 victory over Baylor Saturday.

Arkansas is now averaging 456.4 yards per game to Texas' 437.5 on offense and the Hog defense has come from last place in the conference following their opening loss to Stanford to third.

The Razorbacks have averaged 525.3 yards per outing in their last three games to displace the Longhorns from the top spot they have held since the third game of last season. Texas finished the 1969 season with an SWC average of 472.1 yards per game.

While the Hogs moved up in defense, Texas Tech held second place with their convincing 21-7 victory over Texas A&M. The Red Raiders bottled up the Aggies so effectively that A&M lost its passing offense lead—and it was Arkansas that replaced the Aggies. A&M got only 95 passing yards against the rugged Raider defense and its per game average dropped from 234 to 206.2, while Arkansas took the lead with 214.3. Rice holds the lead in total defense, limiting 202.0 yards per game.

Tech's defensive secondary continued its air-tight ways against Lex James, the sophomore who had been sensational in the early stages of the season. Tech stole four of James'

Porkers Remain in No. 10 Spot

By HERSHEL NISSENSEN

Thanks to record scoring speers against long-time rivals, Texas and Notre Dame are closing in on Ohio State in the latest Associated Press college football poll announced today.

The top-ranked Buckeyes, who led a week ago by 103 points, received 20 first-place votes and 731 points from a panel of 40 sports writers and broadcasters following a 29-0 victory over Michigan State.

But Texas pulled down 13 first-place votes and 712 points in the wake of a 41-9 rout of Oklahoma and Notre Dame received four No. 1 votes—its first of the season—after battering Army 51-10. The 41 and 51 points were the most ever scored by Texas and Notre Dame in the respective series.

While the Buckeyes, Longhorns and Irish held on to their 1-2-3 spots, there was a shake-up elsewhere in the Top Ten. Southern California dropped from fourth to 11th after losing to Stanford 24-14 and the Trojans were replaced by Mississippi, which beat Georgia 31-21 and climbed one position. Nebraska and Michigan each moved up one spot to fifth and sixth, respectively, the Cornhuskers defeating Missouri 21-7 and the Wolverines blanking Purdue 29-0.

Ole Miss, Nebraska and Michigan each received one first-place vote.

Rounding out the Top Ten were Air Force and Auburn, each up one spot; Stanford, up from 12th, and Arkansas, 10th from the second week in a row.

Trailing Southern Cal in the Second Ten were Arizona State, up two; Colorado, up four; Tennessee, up six; Louisiana State, up four; Georgia Tech, down three; Texas Tech; Missouri, down two, with Houston and UCLA, down five, tied for 19th. Texas Tech and Houston replaced West Virginia and North Carolina in the Second Ten.

The Top Twenty teams, with first-place votes in parentheses and total points. Points tabulated on basis of 20-18-16-14-12-10-9-8-7 etc.

1. Ohio State (20)	731
2. Texas (13)	712
3. Notre Dame (4)	666

17 attempts and now seven Raiders are credited with pass thefts as the team total has swollen to 12. Bruce Bushong got one of the A&M aeriels to push his conference leading total to four. Individually, big improvement was posted by Baylor punter Ed Marsh. The 1969 collegiate punting champion kicked ten times for a 42.7 average and took over the SWC lead for the first time this season, with a 40.5 average on 43 punts.

SMU's Gary Hammond retained the rushing lead as the Mustangs were idle with his 96 yards per game average. Texas and Texas Tech claimed five of the top ten spots, with Longhorns Eddie Phillips, Steve Worster and Jim Bertelsen claiming second, fifth and ninth respectively after the 41-9 romp over Oklahoma and Tech's Doug McCutchen ranked sixth and Miles Langehennig eighth. Mustangs Chuck Hixson and Raymond Mapps held onto the passing and receiving leads, respectively, but Baylor's Derek

Arkadelphia Ranked 6th in State

By THE ASSOCIATED PRESS
North Little Rock edged Jonesboro out of the top spot in this week's Associated Press high school football poll.

The Wildcats received five of 11 first place votes from a panel of sportswriters and sports broadcasters. Jonesboro received only two first place votes.

North Little Rock squeaked by North Little Rock Northeast 7-6 Friday night. The Hurricane battled Jacksonville to a 0-0 tie.

Fort Smith Northside continued to hold down the number three spot followed by Little Rock Hall, Little Rock Catholic and Arkadelphia.

Hot Springs dropped from sixth to seventh and El Dorado continued its hold on the number eight position.

Forrest City moved into the top ten at the ninth spot followed by Rogers.

Arkadelphia remained at the top of the Class AA rankings followed by Rogers and McGehee. Augusta, Alma and Marked Tree are ranked 1-2-3 in Class A and Dierks, Horatio and Danville are the top three teams in Class B.

Here are the results of the poll with first place votes and team records in parentheses and total points at right:

1. North Little Rock (5) (5-1)	90
2. Jonesboro (2) (5-0-1)	89
3. FS Northside (5-1)	72
4. LR Hall (5-1)	69
5. LR Catholic (5-1)	65
6. Arkadelphia (5-0)	59
7. Hot Springs (2) (5-0-1)	50
8. El Dorado (1) (4-1)	47
9. Forrest City (4-1)	18
10. Rogers (5-1)	15

Others receiving votes, listed alphabetically: LR McClellan, McGehee, Pine Bluff, Texarkana.

Class AA
1. Arkadelphia (10) (5-0) 32
2. Rogers (1) (5-1) 19
3. McGehee (6-0) 13

Others receiving votes, listed alphabetically: Ashdown, Wilson Rivercrest.

Class A
1. Augusta (10) (6-0) 32
2. Alma (5-1) 10
3. Marked Tree (5-0-1) 6

Others receiving votes, listed alphabetically: Beebe, Booneville, Clinton (1), Earle, McCrory, Piggott.

Class B
1. Dierks (5) (6-0) 25
2. Horatio (3) (6-0) 21
3. Danville (1) (5-1) 10

Others receiving votes, listed alphabetically: Farmington, Gentry (1), Greenland (1), Luxora.

Davis moved into second in receiving. Mapps is averaging 4.8 receptions per game to Davis' 4.2.

Arkansas' Bill Montgomery leads in total offense with an average of 180.6 yards per game and the Hogs Bill Burnett is way out in front in scoring with 60 points on ten touchdowns.

Reds Bucking Odds in 3rd Series Game

BAITMORE (AP) — That made-to-order World Series match between Cincinnati's big bats and Baltimore's big three was two games overdue today as the Reds tried to battle back from a lost weekend.

The Reds, backed against the ropes after 4-3 and 6-5 losses to the streaking Orioles at Cincinnati, sent rugged right-hander Tony Cloninger to the dike in the nationally-televised (NBC-TV) third game of the best-of-7 set.

But the Orioles, riding a 16-game winning streak which has carried over from the regular season, were 5-1 favorites to capture the Series prize denied them last October by the New York Mets.

And the oddsmakers made them a 2-3 pick to win today behind left-hander Dave McNally, whose 24 victories tops Baltimore's trio of 20-game winners.

No team ever has won the Series after losing the first two games at home.

Jim Palmer, who won 20 during the season and another in the Orioles' American League playoff sweep over Minnesota, checked the Reds on five hits in the Series opener last Saturday and beat them with last-out relief help from Pete Richert.

But Mike Cuellar, a 24-game winner, was a quick knockout victim Sunday before the Orioles came from behind for the second time.

And the vaunted power of the Big Red Machine failed to ignite in either game after building early leads of 3-0 and 4-0.

Instead, the first two contests showcased the Orioles' unheralded bullpen corps and their matchless third baseman, Brooks Robinson.

Richert saved Palmer's victory with one pitch, stranding the tying run on first base. Then Tom Phoebus, Moe Drabowsky, Marcelino Lopez and Dick Hall combined Sunday to still the Cincinnati thunder for the final 6-2-3 innings.

"Whoever said their relief pitching wasn't very good was reading the wrong scouting report," said the Reds' Pete Rose. Orioles Manager Earl Weaver's relief crew had been singled out as the one possible weak link on a marvelously balanced club which swept to 108 victories in regular season play, the last 11 of them in succession.

On paper, the Baltimore firemen appeared overmatched by their counterparts on the Reds. The Orioles recorded 31 saves during the season, 13 of them by Richert.

Cincinnati's Wayne Granger had 35 himself; teammate Clay Carroll added 16 and youngsters Don Gullett and Milt Wilcox were compared favorably with the Orioles' veterans despite their inexperience.

But Wilcox was hit hard dur-

Tuesday, October 13, 1970 ing a decisive five-run Baltimore burst in the fifth inning of Sunday's game. And Granger hadn't thrown a pitch going into today's game.

"Our bullpen is underestimated," said Orioles slugger Frank Robinson. "They only had 31 saves, but our starters had 60 complete games."

The Reds' figures were virtually reversed, with 32 complete games and 60 saves.

"Earl didn't have to go to the bullpen that often," Frank added. "And he used all his relievers. Nobody got an awful lot of work because he spread it out. But they all came through."

"Weaver has been manipulating those pitchers and so far he's played all his cards right," said Cincinnati's Johnny Bench. "We've scored early, but we haven't been able to do anything after that even though we've had guys in position to score."

Reds Manager Sparky Anderson had another theory about his club's failure to mount a sustained attack thus far. "It's because of Robinson," he said. "Brooks has beaten us in two ball games by himself."

"If you fellows voting for that car they give the Series hero want my advice, you might as well give him the keys. Right now, he's in the driver's seat."

Brooks Robinson made a sensational play deep behind the bag in the opener and then hit the tie-breaking home run. In the second game, he came up with three more defensive gems.

"He can play third base with a pair of pliers," Rose marveled as the Reds worked out Monday at Memorial Stadium. Then the Cincinnati star laid down a perfect bunt a few feet up the third base line.

Green Bay in 3rd Win Straight

By JACK STEVENSON
Associated Press Sports Writer
SAN DIEGO (AP) — Green Bay's Packers still must go with the old pros in their bid for resurgence into National Football League prominence. As they won their third straight at the expense of a plucky but winless San Diego Charger club Monday night, 22-20, the Packers could thank 33-year-old Willie Wood and 36-year-old Bart Starr.

"The way I feel now, I could play another 20 years," declared Wood after intercepting a pass from young Marly Domres at the Chargers' 24 and running it back to the 13.

That defensive gem set up a 14-yard field goal by Dale Livingston, his third three-pointer of the night, and the one that provided the victory.

After a 6-6 first half that saw four field goals, the Packers surged back in the third quarter, scoring on Starr passes of four yards to Jack Clancy and two yards to John Hilton.

With a 19-6 lead, Coach Phil Bengston took Starr out, explaining later, "His shoulder was bothering him."

Don Horn took over at quarterback only to run into quick trouble. Pete Barnes intercepted his pass at the Charger 22 and returned to the 36.

With Domres, the second-year pro from Columbia, taking over at quarterback from starter John Hadl, the Chargers charged. Domres shot a short, swing pass to rookie Dave Smith on a play gaining 42 to the Packer 22. Jeff Queen lost two and then Domres pitched out to tight end Willie Frazier on a reverse. Frazier raced for the touchdown. Virtually the same play had set up an earlier field goal.

Two minutes and 15 seconds later, Queen scored from the one following a Horn fumble at the 10.

About that time Bengston was asking Starr if he could throw. "When he said he could, I put him back in," explained the coach.

Controversy had centered on the Charger quarterback situation before the game. With Hadl in General Manager Sid Gillman's doghouse, it wasn't decided until late whether he or Domres would start.

John worked three quarters and later commented on reports he might be peddled to another NFL club. "I don't know if this trade talk had any effect on the team. It's not as easy to concentrate with this hanging over your head."

Livingston's other field goals

were from 16 and 27 yards in the first half that ended 6-6 as Mike Mercer was accurate from 16 and 29.

What provided the Chargers' their short-lived one-point advantage was a Livingston point-after-touchdown try blocked by Tom Williams.

Defensive end Lionel Aldridge added to Hadl's woes. He sacked the quarterback four of the six times he was thrown behind the line.

Celtics and Knicks Main Cage Game

By TED MEIER
Associated Press Sports Writer
Can the New York Knicks do it again? Duplicate their stand-out play of last season and win the championship of the National Basketball Association for the second straight year?

A clue to the answer may be forthcoming tonight when the 1971 pro cage season opens with the Knicks and the former champs, the Boston Celtics, battling before an expected 18,000 at Madison Square Garden.

There is another NBA opener listed, San Diego at Chicago, but the Celtics-Knicks tussle is the main attraction. The rival American Basketball Association opens its season on Wednesday with Denver at Utah.

Coach Red Holzman of the Knicks has back the same players who ripped off a 23-1 fast getaway last season—including a record 18-game winning streak—en route to hanging up New York's first NBA title. They compiled a 60-22 regular-season record before beating Baltimore, Milwaukee and Los Angeles in the playoff.

Some doubt that Dave DeBusschere, Bill Bradley, Willis Reed, Walt Frazier, Dick Barnett, Mike Riordan, Dave Stallworth and Cazzie Russell can put it all together again.

These doubters point out that the New York Jets and the New York Mets, the surprise football Super Bowl champions and baseball's World Series champs in 1969, each failed to do it again the following season.

Veteran John Havlicek and rookie Dave Cowens of Florida State lead the Celtics who beat the Knicks four times in their seven games last season.

Before the game, which marks the start of the NBA's 25th anniversary season, the Knicks will be feted in an awards ceremony at which Commissioner Walter Kennedy will preside.

Three NBA teams make several cuts in getting down to the player limit Monday.

The Knicks released Ray Hodge of Wagner College. The Chicago Bulls cut John Davis, Alabama State, Lonnie Klutz, of North Carolina A&T and Willie Griffin, Southern Illinois.

Tony Scoffs at Series Pressure

By RALPH BERNSTEIN
Associated Press Sports Writer
BALTIMORE (AP) — Tony Cloninger scoffs at World Series pressure.

"What pressure can there be after you face the prospect of going blind?" asked Cloninger Monday before joining a Cincinnati Reds' workout for today's third game of the 1970 World Series.

Cloninger recalled the day in 1967, when an eye specialist in Philadelphia told him, "I don't want to scare you but you may lose sight in your left eye."

Cloninger said he went to his hospital room, placed a patch over his left eye and tried to see if he could pitch with one eye.

The 30-year-old Cloninger, a 10-year major league veteran, has been selected by Cincinnati Manager Sparky Anderson to pitch the third game of the Series against the Baltimore Orioles who lead the Series 2-0.

"I've always been able to meet a challenge," said Cloninger. "I've faced a life time of challenges. I've been trying to come back for four years," said the right-hander who won 54 games for the Braves from 1964 through 1966.

Cloninger told how, with the help of medication, he gradually improved the sight in his left eye. The eye disease flared twice, but now it has been checked so that he need be checked only once a year. He now has 20-20 vision.

Cloninger feels he's a man marked for destiny this season, considering that the Reds almost released him in May, and no other club was willing to give much for him when the Reds offered him for trade.

"To be honest," said Cincinnati pitching coach Larry Shepard, "if someone had offered a new fungo bat, he (Cloninger) would have been out. He was discouraged with his performance and so were we. Thank God nobody wanted him."

Cincinnati got away to a great start and led the league by a dozen games at the All-Star break. Then, the Reds were hit with pitching injuries to Wayne Simpson and Jim McGlothlin. Cloninger, who had yielded 19 runs in 24 innings as a reliever through late June, was elevated to a starter.

The 215-pound Cloninger in 13 starts (July 10 through Sept. 7) allowed the opposition two or less runs eight times. He won six of 10 decisions with a respectable 3.00 ERA.

In the National League playoffs against Pittsburgh, Cloninger started the third game won by the Reds 3-2.

"Sure we've got our backs up against the wall," said Shepard. "But Cloninger has done it for

Blues Down Canucks in Hockey Play

ST. LOUIS (AP) — Gary Sabourin's furious third-period play Monday night propelled the St. Louis Blues to a 4-1 National Hockey League victory over the Vancouver Canucks.

Sabourin scored at 6:49 and 6:37 of the final period. Newcomer Christian Bordeleau assisted on Red Berenson's opening goal at 12:54 of the first period and on both of Sabourin's shots. Ab McDonald also was credited with assists on the Sabourin goals.

Dunc Wilson, making only his second NHL start, had made 31 saves when the puck glanced upward off his stick and struck him on the side of the head, dazing him momentarily. He went back to the ice 31 seconds later and finished the game.

The victory was the Blues second of the season against no losses and gave them undisputed possession of the NHL West Division lead.

Detroit meets Montreal in the only game in the NHL tonight. Orland Kurtenbach nullified Berenson's opening-period goal with assists from ex-Blue Wayne Maki and Murray Hall with just 49 seconds gone in the final period.

Houston Plans \$45,000 Pro Tennis Meet

HOUSTON (AP) — A \$45,000 pro tennis tournament will be held here next year in connection with the World Tennis Tour, promoter Hugh Sweeney said Monday.

The tournament, known as the Houston International Tennis Championships, will be held Nov. 8-14 in 1971 at the University of Houston's 11,000 seat Hofheinz Pavilion, usually used for basketball.

Sweeney said 32 of the world's top men tennis players, all members of Lamar Hunt's tennis tour, will compete in the tournament which will pay \$10,000 to the winner with a total of \$38,000 in single's prizes and \$7,000 in doubles.

Hunt, of Dallas, one of the founders of the American Football league and owner of the Kansas City Chiefs, will stage 20 tournaments next year, and Houston will be the last regular one, Steve Fryar, associate director of the tour said.

"If a player loses every singles and doubles match he receives a minimum of \$12,000, plus air fare," Fryar said. "If he wins every match on our circuit he'll collect \$293,000. Somewhere there are going to be some rich players walking around."

The field which will compete here includes contract pros Arthur Ashe, Pancho Gonzales, Rod Laver, Tony Roche, John Nocombe, Ken Rosewell, and just about every other top player. Only two ranked players, Cliff Richey and Clark Graebner, are still registered players outside the contract ranks.

Hendricks Was Well Traveled

By HAL BOCK
Associated Press Sports Writer
BALTIMORE (AP) — The suitcase stickers were beginning to crowd one another out on Elrod Hendricks' well-traveled luggage.

There were stop-overs in such exotic spots as McCook, Neb., Wellsville, Pa., Winnipeg, Manitoba, El Paso, Tex., Seattle, Wash., and Nalisco, Mexico and, to tell the truth, Hendricks, a native of the Virgin Islands, was getting a little weary.

"I had just about made up my mind to stay in Mexico," said Hendricks, the catcher who has delivered key hits in Baltimore's first two World Series victories over Cincinnati.

"Every year the scouts tell you they're gonna look you over and you're gonna get a shot. But it never comes. After awhile you just resign yourself to staying where you are."

So, Ellie stayed where he was, quite content with the \$10,000 or so he was making in the Mexican League. "We lived very well, and I was happy," he explained. "But in the back of

your mind, you always wish you could get that shot at the big leagues."

Hendricks flourished in the Mexican League and when he walloped 41 home runs in 1967, the fans started tagging him the home run king of Mexico.

"I never could figure that out," he said. "There were better guys than me playing there but I hit one out of the Mexico City Stadium one time and nobody had done that before."

Eventually, Hendricks' chance came, thanks to Earl Weaver, manager of the Orioles.

Weaver had managed Hendricks in the Winter Puerto Rican League for two seasons and was impressed with the angular catcher.

"You know," said Weaver, "all of organized baseball undersold the quality of the Mexican League. There are players of major league ability down there but some of them aren't willing to leave their homeland. Fortunately for us, Mexico isn't Ellie's homeland."

Weaver made a front office pitch for Hendricks and the Orioles drafted him after the '67 season. "It was like a bolt from the blue," said the catcher. "I had just about given up any hopes of getting to the majors."

The major league minimum salary of \$10,000 matched Hen-

Ali Vows White Hope Won't Ruin Comeback

By HUBERT MIZELL
Associated Press Sports Writer
MIAMI BEACH (AP) — Muhammad Ali snarled and declared his boxing comeback "ain't gonna be spoiled by no Great White Hope."

Ali was wrapping up Miami Beach training for his Oct. 26 bout with Jerry Quarry. At 215, he weighs the same as when he last boxed against Zora Folley in 1967.

"It's almost impossible for a man like Quarry to catch me when I'm moving like I am now," he said, rubbing his flat belly. "Don't forget, he ain't never fought the fastest heavyweight in history."

Ali finished in Miami Beach today. His contingent will shift to Atlanta on Wednesday for final tuneups after six weeks of rugged gym work and predawn running on a Miami Beach golf course.

"Look at the scales, man, it's 215 and a half," said the deposed champion. "Remember when I showed up here weighing 230? I lost the only 15 pounds that didn't count."

Ali kept mumbling the name of Jack Johnson, the early 20th Century heavyweight king.

"I can't do like Jack Johnson," he said, "coming up against the Great White Hope and losing. That just can't happen. As long as I can dance, Quarry ain't gonna catch me."

"Quarry can't dance for long. Long as I can dance, ain't nobody gonna catch me."

dricks' best Mexican League income. And then there was the tantalizing post-season pot to shoot for.

"Imagine that," said Hendricks, his eyes flashing and the words rolling slowly off his tongue. "Fifteen thousand dollars."

That's the guaranteed winning share in this World Series and Hendricks' first game home run and two-run game-winning double in the second one have the Orioles thinking about that winning share.

"We never had anything like that in Mexico," laughed Hendricks.

Sound Trucks: Bane or Blessing?

To one bystander, a blaring sound truck is a form of noise pollution, fouling the public air. But to another, the same truck is a healthful exercise in the right of free speech.
Which view is correct? With increasing frequency, our courts are being called upon to decide.
They begin with the proposition that freedom of speech is not an absolute, unlimited right. In one case, a city ordinance forbade sound trucks from making "loud and raucous noises." A local union, embroiled in a labor dispute, challenged the ordinance.

objection. The court said that, in the name of peace and tranquility, a community had the right to hold noise down to a moderate level.
However, while reasonable restrictions are all right, most courts frown on efforts to ban sound trucks altogether. When a city tried a ban of this kind, a union again took the matter to court.

At the hearing, the city argued that the union could use some other, quieter means of getting its message across to the public. But the court held the ban unconstitutional, saying:

In JACOBY MODERN, all jump raises are strong limit bids. They beg partner to bid on but they allow him to pass if he has a bare minimum.

This represents current expert practice. Not all experts. There is nothing all the experts agree on except that a double of seven no-trump is for penalty.

It is logical and simple and gets the job done. We know that anyone can both improve and simplify his bidding by adopting all limit raises.

Today, we find North with the same hand he held yesterday and he makes the some three-spade limit raise. South has a far-better hand. He has 19 high-card points, all of which appear to be hard at work. Remember, when you think of slams, you see which points are going to work for you. He also has two distributional points and he can add an extra because his partner has raised his suit. South might well go into a Blackwood routine immediately but South decides to bid four clubs as a below-game slam try.

North has 12 high-card points, including very good trumps, the ace of hearts and the queen of partner's club suit. All in all, a sound enough limit raise to warrant showing slam interest by a cue bid in hearts.

Now South goes into Blackwood. He doesn't really expect to get to seven but there is no harm using Easley's fine convention as a last check.

North shows one ace. South bids the slam.

What do you do now?
A—Bid four hearts. Your partner is suggesting a slam and, since your limit raise is sound, you can afford to accept his invitation by showing the heart ace. Note that you have not gone past game level.

TODAY'S QUESTION
Your partner continues with a bid of five spades. What do you do now?

Answer Tomorrow

At the hearing, the city argued that the union could use some other, quieter means of getting its message across to the public. But the court held the ban unconstitutional, saying:

"In certain instances, the sound truck may be the only practical means for communication of opinion. The right of free speech is worthless in the absence of a meaningful method of its expression."

Another city passed an ordinance saying that sound trucks could be used, provided the chief of police first gave his permission. However, the ordinance said nothing at all about any guidelines on which the chief's approval or disapproval should be based.

Here, too, when the ordinance was challenged in a test case, the court saw danger to freedom of speech, especially in the realm of politics.

"The sound truck has become an accepted method of political campaigning," said the court. "Must a candidate for governor or Congress depend on the whim or caprice of the chief of police in order to use his sound truck for campaigning?"

Holding the ordinance invalid, the court said the power to prevent speech, just like the right to speak, must be kept within reasonable limits.

Forget About Bed Rest; Tests Prove It Harmful

By LAWRENCE E. LAMB, M.D.

In reference to your body, there is a lot to the idea that "if you don't use it, you lose it." And that applies to all of the body. Thus bed rest and physical inactivity can be harmful.

Before the space program there were only two well-known studies—each of only about a half-dozen men—on the effects of bed rest in healthy persons. All other information was from sick people and bed rest. Imagine! The medical profession has been recommending bed rest for almost every ailment known to man and yet we had very little information about its effects on the body.

Space doctors were interested in bed rest because it has many things in common with the weightless conditions occurring during space flights. Since the astronauts were healthy people we needed to know what bed rest did to healthy people, not sick patients.

We found bed rest did a lot—most of it bad. Just for starters, the horizontal position caused the body to rid itself of four to five pounds of normal water content within 24 hours. This same mechanism explains part of the weight loss observed in astronauts during space flight.

After the loss of the normal body water—and consequently part of the blood volume—the bed rest subjects tended to faint when they got up. Again this has been seen after space flights and also in patients after periods of bed rest. The loss of water affects the way the heart and circulation works and causes weakness. This is quickly reversed—usually within 48 hours after resuming normal upright activity.

That isn't all bed rest does either. The bone marrow that normally generates new blood cells slows down, eventually causing a decrease in red blood cells. Then when you get up, a lot of the red cells are destroyed because of increased activity. The bone marrow takes

awhile to get started at the right level again, so a temporary anemia results.
In addition to these changes—in time, calcium is lost from the bones. If it accumulates in the kidney, stones may form.

These changes and others occur more slowly from simple inactivity—for example, just sitting. Office workers often feel fatigued at the end of the day because of inactivity. It isn't a cocktail and couch they need to get rid of fatigue—but exercise.

A simple cold or minor illness is often complicated by "taking two aspirins and going to bed." Sitting up would be better.

After observing the problems caused by bed rest, I am convinced that the bed should be used for only certain serious illnesses, a proper amount of sleep or as a recreational facility.

Free Press
Procedure**

LITTLE ROCK (AP) — The Arkansas Judicial Council will discuss a proposed final draft of a "fair trial-free press" provision as an addition to the rules of criminal procedure here this week.

The discussion is scheduled during the council's annual meeting Thursday through Saturday.

The council will also discuss the problem of disruptive trials. The proposed additional rules are:

—No officer of the court who has access to information relative to a pending criminal matter may disclose the information unless the information is a matter of public record.

—No officer of the court may engage in any conduct or make any statement that would interfere with the right of the state or the defendant to a fair trial free of prejudicial publicity.

—A complete record of criminal proceedings in closed chambers will be kept and a transcription of such record may be obtained by paying the reporter a fee in the same amount as the reporter would normally charge for such services. The defendant in such proceedings will be provided a copy of the records without charge.

—The use of photographic, television and sound projecting and recording equipment, except by official court reporters, without the permission of the court, inside any court room during a criminal proceeding is prohibited.

—Law enforcement officers are prohibited from posing any person in their custody for photographing by an unauthorized person.

—In cases of special notoriety, the court may issue additional rules.

ALASKA HAS CHANGED

Editor-The-Star: "As I will have a very short visit in Hope this time I would like to take this method of informing my buddies who were in Alaska during WWII (Arkansas National Guard, 153rd Infantry Co. A) some of the changes and things that are happening in Nome and other parts of Alaska.

"Nome has lost its board walks and many of the gold rush day buildings with false fronts. Now its cement sidewalks, water and sewer and blacktop roads. Not many oldtimers who mined the precious metal can be found. They and the tourist were not at all pleased with the 'new look'.

"Some 50 new homes were built this summer for low-income families which is a great boon to the housing situation. That was accomplished by one contractor working around the clock and remember there are 24 daylight hours in the summer months.

"Now 80 per cent of the population is native and part natives as compared to just the reverse, 80 per cent whites when Co. A was Nome whose population now is 3,000. The natives are asking \$500 million and 40 million acres of land as settlement for their aboriginal rights—as you know the Senate

allowed the cash but only 10 million acres of land. The House still has to act on this bill which may come up this fall. Alaska's land free should be lifted in December and if the land claims passes along with right-of-way privileges for the four inch diameter pipeline from Prudhoe Bay to Valdez, Alaska, the "Black Gold" will start flowing. This should help the great new state get on its feet. Best Regards,

Walter "Mac" McIver

**Bill Shifts
Blame From
Drug Users**

WASHINGTON (AP) — House and Senate conferees have approved a bill that shifts the emphasis of criminal penalties from drug users to professional traffickers in narcotics.

The measure also contains controversial legislation that would give police authority to carry out so-called "no knock" raids, after convincing a judge such raids would be the only means to avoid destruction of suspected narcotics.

Casual distribution and use of marijuana would be treated as a misdemeanor under the revised legislation. A first offense of possession could be dealt with by a judge by probation, parole or dismissal of charges.

The conference approved stiffer penalties for professional narcotics peddlers, though the death penalty and life imprisonment were eliminated from the possible sentences.

The bill approved spending \$26 million for treatment and rehabilitation programs and called for an in-depth study of the effects of marijuana.

President Favors the Conservative

By FRANK CORMIER
Associated Press Writer
WASHINGTON (AP) — President Nixon, heading back to the campaign trail in earnest, has joined Vice President Spiro T. Agnew in voicing kind words for the Conservative who hopes to unseat New York's Republican Sen. Charles E. Goodell.

Nixon, however, stopped short of endorsing the Conservative party candidate, James L. Buckley.

When greeted by nearly 1,000 Buckley partisans during a brief stop late Monday at the Westchester County, N.Y., Airport, Nixon was asked, "Are you for Mr. Buckley?"

"I appreciate the fact he's for me," Nixon replied.

Pressed to elaborate, the President said, "I'll leave it at that right now."

In Washington, meanwhile, the Senate's top Republican leaders turned out at a fundraising cocktail bash for Goodell.

Goodell, whom Agnew has called a "radical-liberal" and a party renegade, puffed happily at his pipe as he greeted GOP Senate Leader Hugh Scott of Pennsylvania, Republican Senate Whip Robert P. Griffin of Michigan, Senate Party Policy Chairman Gordon Allott of Colorado, six liberal GOP senators and several other well-wishers.

The affair was at New York Gov. Nelson A. Rockefeller's opulent Washington home. Rockefeller, who has said he will do all he can to help Goodell's fight against Democratic

Congress Sends Nixon Crime Bill Designed to End Campus Bombs

By JIM LUTHER
Associated Press Writer

WASHINGTON (AP) — Congress has sent to the White House a tough anticrime bill designed to curtail campus bombings and shield businesses and unions from an underworld takeover.

The bill gives the FBI authority to investigate bombings at institutions receiving federal aid—including most colleges—and provides the death penalty for fatal bombings.

The Senate completed legislative action on the measure Monday, sending it to President Nixon by voice vote.

A person convicted of using money from organized crime to acquire or establish a business engaged in interstate commerce could be fined up to \$25,000 and imprisoned up to 20 years.

The bill authorizes an extra 25-year sentence for a person found to be a habitual or professional criminal.

Designated as federal crimes for the first time are large-scale illicit gambling and bribery of local officials in connection with gambling activities.

The measure swept through the Senate after less than 30 minutes' debate. Basically the same bill, without the antibombing provisions, passed the Senate last January.

The House, reacting to a series of bombings in several cities, added the provisions and passed the bill last week.

Extensive civil liberty safe-

guards tacked on by a House Judiciary subcommittee were scrapped before final approval.

While no votes against the bill were heard in the Senate, Sen. John Sherman Cooper, R-Ky., commented, "After a very brief look, I am sure that some of these provisions will be held unconstitutional."

Cooper referred to provisions dealing with prosecution immunity for witnesses, electronic surveillance and the extra 25-year sentence for those deemed professional criminals.

Plane Crash Disrupts Mail Service

LITTLE ROCK (AP) — The crash of a plane carrying the Wichita State University football team Oct. 2 has caused overnight mail service to Northwest Arkansas to be halted temporarily.

The Post Office Department had contracted with Golden Eagle Aviation, Inc., of Oklahoma City, Okla., to fly overnight mail service to Northwest Arkansas and neighboring states.

Postmaster Roy L. Sharpe of Little Rock said Monday that the Federal Aviation Agency revoked Golden Eagle's license following the crash and the Post Office could no longer use their services.

Burglary Charge Is Filed Here

Hope Police Department announced that Clarence Jones Jr., 23, Hope, has been charged with burglary of a room at Nelson's Hotel on Third St. downtown. Officers said a piggy bank with an undetermined amount of money was taken.

Jones was arrested and charged by Officer Milam Haltom. He was turned over to the County officials for prosecution.

Quebec and Kidnapers Negotiate

MONTREAL (AP) — The Quebec government opened negotiations during the night with the kidnapers of a British diplomat and a provincial cabinet minister as hundreds of armed combat troops joined police in guarding politicians, diplomats and other prominent persons in Ottawa.

Robert Lemieux, a long-haired lawyer awaiting trial on a charge of obstructing justice, was representing the Quebec Liberation Front—the FLQ—which kidnapped British Trade Commissioner James Richard Cross Oct. 5 and abducted Quebec Labor Minister Pierre Laporte Saturday.

Another Montreal lawyer, Robert Demers, was appointed as the provincial government's contact man.

The two men met in the downtown police station where Lemieux had been held since Sunday in connection with the investigation into the kidnappings. After midnight Justice Minister Jerome Choquette announced that Lemieux was being paroled, apparently to expedite the negotiations for the release of Cross and Laporte, but several hours later the FLQ representative was still being held.

Lemieux is an advocate of Quebec's separation from Canada and has frequently defended terrorist members of the FLQ in court. The FLQ's aim is separation of the French-speaking province from the rest of Canada and its establishment as an independent state.

The FLQ cell that kidnapped Cross says it will free the Briton if the government releases 23 men convicted or awaiting trial for political terrorism, and if the police call off their investigation into the kidnappings.

The cell that abducted Laporte has made the same demands plus four others: \$500,000 in ransom, the name and picture of an alleged informer against the FLQ, publication of FLQ propaganda, and reinstatement of all truck drivers who lost their jobs when the city took over mail deliveries in Montreal.

The kidnapers have warned repeatedly that they will kill their hostages unless the government meets their demands. One FLQ communique Monday said that "we are setting no deadlines. However, if you show evident bad faith, we will return to action."

The first big break in the kidnapping case came Monday when both cells released communiques authorizing Lemieux to act as their representative. Previously the kidnapers had refused government offers to negotiate through intermediaries. One communique was accompanied by a hand-written note from Cross, who thanked Provincial Premier Robert Bourassa for arranging the negotiations and "saving my life and that of Mr. Laporte."

Bomb Threats Evacuate Schools

LITTLE ROCK (AP) — State Police said that pupils at two high schools in the state were evacuated Monday because of bomb threats.

The threats were at Monette (Craighead County) and Sherill (Jefferson County).

No bomb was found at either school.

The threats caused State Police Director Ralph Scott to express concern at the increase in bomb threat complaints.

Campaign Spending Bill Vetoed

By WALTER R. MEARS
AP Political Writer

WASHINGTON (AP) — President Nixon has vetoed a bill to limit campaign spending on radio and television, calling it "worse than no answer to the problem" of soaring political costs.

Democratic sponsors of the measure pledged an effort to override the veto, immediately or after the Nov. 3 election recess. But one of them, Sen. Philip A. Hart of Michigan, said it will be "very tough" to muster the necessary two-thirds vote. Hart was one of the bill's original sponsors.

Sen. Robert P. Griffin, R-Mich., the assistant GOP leader, said flatly the veto will be sustained.

"The bill deserved to be vetoed," Griffin said.

But Sen. John O. Pastore, D-R.I., and another prime sponsor of the legislation, said Nixon had blocked "a major effort to stem the spiraling cost of campaigning for public office via the electronic media."

"The American people will be the losers unless Congress overrides the veto," he said.

The bill would limit spending on campaign broadcasting to seven cents for each vote cast for the office involved in the previous election, or \$20,000, whichever was higher.

Its terms would cover candidates.

Trying to Rearrange Whole Country, Justice Accuses Rights Lawyer

By BARRY SCHWEID
Associated Press Writer

WASHINGTON (AP) — Justice Hugo L. Black, long a foe of racial discrimination, lashed out angrily Tuesday at a civil rights lawyer and accused him of "trying to rearrange the whole country" to achieve school integration.

"From the first case," Black told a hushed Supreme Court hearing room, "I have been interested in plain discrimination on account of race. We should correct that. But it disturbs me to hear we should try to change the whole lives of people around the country."

The target of the 84-year-old Alabama's blast was James M. Nabrit III, an attorney for the NAACP Legal Defense and Educational Fund, who was arguing against a North Carolina state law that forbids compulsory assignment of school children on a racial basis to achieve desegregation.

"You want to haul people miles and miles to give them equal percentages in the schools," Black told Nabrit.

"I think there is something to the concept of the neighborhood schools," Black said. He called the practice of neighborhood schools good, and said he did not like "this trying to condemn it."

The outburst followed an assertion by Nabrit that "this neighborhood school concept is really a fiction." The Negro attorney said U.S. District Judge James B. McMillan of Charlotte had found that the government and the state were by administrative action fostering segregation of neighborhoods and therefore the segregation of schools.

Two Accidents Investigated

On North Hazel and Compress Streets yesterday an auto driven by J. D. Roach and a Highway Department vehicle driven by Frank Allen Cross collided with considerable damage resulting. The state vehicle veered into and damaged a fire plug.

Officer Richard Rowe charged Roach with failure to yield the right-of-way and Cross with traveling too fast for condition of the road.

On Highway 67 between Laurel and Hazel cars driven by Robert Lynn Ellis of Emmet 2 and Sam McHenry collided with some damage resulting, according to Officer Richard Rowe.

Apparently Canada Set to Open Diplomatic Relations With China

AP News Digest

TOKYO (AP) — Communist China announced today it and Canada have decided to establish diplomatic relations effective immediately.

On the touchy problem of Formosa or Taiwan, seat of the rival Nationalist Chinese government, Communist China said it "reaffirms that Taiwan is an inalienable part" of its territory and "the Canadian government takes note of this position."

"The Canadian government recognizes the government of the People's Republic of China as the sole legal government of China," said the text of a joint communique broadcast by the official New China News Agency.

Canada had been considering whether to seek relations with mainland China since the 1950s, but no action was taken until bilateral talks began in Stockholm in February 1969, a month after Foreign Minister Mitchell Sharp announced the Canadian intentions.

Nationalist China's acting foreign minister, James Shen, told his parliament in Taipei an announcement of agreement between Ottawa and Peking was imminent. He said Chiang Kai-shek's regime would break relations with Canada within 24 hours of the announcement.

Agreement was not reached easily. Ottawa balked at the Communists' insistence that

Visits School Named for Him

CUMBERLAND, Md. (AP) — Bishop James E. Walsh, the Roman Catholic missionary released July 10 by Red China after 12 years imprisonment on spying charges, has finally been able to visit a high school named in his honor.

The bishop and Lawrence Cardinal Shehan, archbishop of Baltimore, were principal celebrants Monday in a Mass attended by 1,500 in the high school gymnasium.

The school opened in 1966.

Laos Buildup by Enemy Reported

SAIGON (AP) — The U.S. Command began mapping plans today for a new 40,000-man troop cutback announced by President Nixon despite reports of a North Vietnamese buildup in Laos.

The U.S. Strategic Air Command sent its entire active Pacific fleet of B52 bombers over Laos for the fifth consecutive day in efforts to check a North Vietnamese supply push down the Ho Chi Minh trail to Cambodia and South Vietnam.

Nixon announced Monday in Hartford, Conn., that the authorized American troop level in Vietnam would be reduced to 344,000 by Dec. 31. Under plans previously announced, this is to drop another 60,000 men—to 284,000—by next May 1.

Peak American strength in Vietnam was 543,400 in April 1969, and the total is now less than 384,000. Nixon's withdrawal program began in June 1969.

Sources in Saigon said some American units are already positioned for withdrawal from the battlefield. The next units to leave Vietnam are expected to include the 11th Armored Cavalry Regiment, the 25th Infantry Division and the 1st and 5th Regiments of the 1st Marine Division. The 7th Marine Regiment of the 1st Division already has been withdrawn.

In the war, about 30 of the giant B52 bombers pounded the Ho Chi Minh trail. There have been no B52 raids flown in South Vietnam since last Saturday and none in Cambodia since last Thursday.

U.S. Defense Secretary Melvin Laird told a news conference in Washington Monday that there is some evidence the North Vietnamese are attempting to resupply their positions in the Laotian border area.

Sources in Saigon have said Hanoi has begun its yearly "dry-season" push of war materials down the trail to fuel offensives in both Cambodia and South Vietnam.

The U.S. Command reported that 38 North Vietnamese and Viet Cong troops were killed in two engagements in Quang Ngai Province, in the coastal lowlands. U.S. casualties were three killed and seven wounded.

A delayed report from South Vietnamese headquarters said four civilians were killed and one wounded in a Viet Cong rocket attack on Da Nang air base early Monday.

In Cambodia, the war slipped into one of its periodic lulls. A Cambodian communique reported only one harassing attack during the past 24 hours.

The U.S. Embassy in Saigon announced that Ambassador Ellsworth Bunker will return to Washington early next week for consultations, touching off speculation that he will be replaced as ambassador by William H. Sullivan, deputy assistant secretary of state for the Far East and the Pacific and former ambassador to Laos. Embassy spokesmen indicated Bunker's trip was in connection with the new American peace proposals and that he would be away "three or four weeks."

The Saigon Post reported Vice President Nguyen Cao Ky would make a two-week official visit to the United States in November "at President Nixon's invitation."

The Constitution of 1874 COMPARED WITH THE PROPOSED NEW Constitution of 1970

(TO BE VOTED ON IN GENERAL ELECTION NOVEMBER 3, 1970)

Today THE STAR continues its series of comparisons between the present and the proposed Arkansas Constitutions. Today's article pertains to:

COUNTY GOVERNMENT

1874 CONSTITUTION

The County Legislature (Quorum Court) has very limited authority, and ranges in size up to more than 400 members (in Pulaski County) depending on population of the county.

Elected county officials are: County Judge, Sheriff, Treasurer, Tax Collector, Assessor, County Clerk, Circuit Clerk, Surveyor and Coroner.

2-year terms for all county officials.

Vacancies in county elective offices filled by the Governor.

Maximum salary of \$5,000 for all county officials.

County Judge presides over juvenile court. (Recent Act of the General Assembly has provided juvenile officer appointed by the county judge).

County Judge has Executive, Legislative, and Judicial responsibilities.

County limited to 5-mill tax for general operations and 3-mill road tax which must be voted on every two years.

1970 CONSTITUTION

County Council of 5, 7, or 9 members elected from single member districts over the county, for two years, on non-partisan basis. Council would have all local legislative authority not denied to it by Constitution or the General Assembly.

Elected County Officials are: Sheriff, Tax Collector, Treasurer, Assessor, County Clerk, Clerk of Courts, The Surveyor and Coroner are no longer constitutional officers, but each county may provide them if it wishes. The title of County Judge is changed to County Administrator because of removal of his judicial duties. (A Trial Judge for the County will be elected as part of the Judicial system).

4-year terms for all county officials.

Vacancies in county elective offices filled by the County Council.

Salaries to be fixed by each County Council within limits established by the General Assembly. Fees may not be used as a basis for any officer's compensation.

All judicial responsibilities of County Judge transferred to the judicial system.

County Administrator has only Executive powers of County Judge, plus authority to veto acts of the County Council. The General Assembly and/or the County Council may grant additional executive powers.

County may levy up to 10 mills for general operations, but any excess over present 5 mills must be voted on by the people. Up to a 5-mill road tax may be voted in by the people, and once voted in it becomes a continuing levy unless voted out. A county may levy other types of taxes if approved by the County Council, and the voters, in a General Election, and if not prohibited by the General Assembly.

ADDITIONAL FEATURES CONSTITUTION OF 1970

All county and township officers elected in November 1970, to serve term for which they are elected with all powers granted under the present Constitution. New provisions concerning county government go into effect in January of 1973.

The County Council could, if approved by a majority of qualified voters voting on the question in a general election: create, consolidate, separate, revise or abolish any county office or offices, which provision would give the people of a county a great deal of authority over their county government, which could be structured to fit individual county needs. Counties currently combining offices of Sheriff and Tax Collector, and County Clerk with Circuit Clerk, could continue to do so.

Voters of a county could adopt new forms of county government which are authorized by the General Assembly. Permits cooperation between counties, cities, and other units of government to provide needed services.
